# Concept Statement

After dealing with moving and replacing furniture, I have come to a realization that a lot of simple looking furniture is overpriced. Some of them are not designer furniture, just a replica or mass production but still cost 50% higher than their actual value. As minimalist living is becoming a trend, there is a huge demand for modern furniture but not everyone can afford luxurious design piece.

Therefore, I want to create a website which will gather all the affordable and high quality furnitures for people who love living a minimalist life, young professionals who are starting a new journey, and people who just want to save money.

## Existing website

- Wayfair
- The Minimalist
- Overstocked
- Birchlane
- Kolh's
